

## SIMON WYRSCH QUARTET

Simon`s band presents great compositions by the bandleader. That distinctive sound combines elements of blues, swing, bop, bossa nova, modern jazz and funk, and includes breathtaking solos, creative interplay and is played with a lot of passion and conviction.

A shining hour of the clarinet in the context of modern jazz !.

In the days when Sidney Bechet or Benny Goodman were calling the tunes, the clarinet was the jazz instrument par excellence. Thanks to Simon Wyrsh it is back in the limelight.
